AAEC 2025

Competitive Innovation, Automation, and Sustainability

Join us for the premier aluminium extrusion event of the year, the **Australasian Aluminium Extrusion Conference (AAEC)**, returning in 2025 with a fresh focus and valuable insights for our industry. This is where innovation meets collaboration — an opportunity to connect, learn, and elevate your business!

Why should you attend as a sponsor?

Targeted Audience: The conference gathers a focused assembly of professionals and experts from the aluminium extrusion industry. As a sponsor you will have direct access to a targeted and engaged audience eager to discover innovative solutions, products, and services tailored to their needs

Brand Visibility: An excellent opportunity to showcase your brand, products, and services to a targeted and attentive audience.

Participating in the event enhances your brand visibility, builds awareness, and positions your company as a trusted leader in the aluminium extrusion industry.

Networking Opportunities: Connect directly with decision-makers, influencers, and potential clients through face-to-face interactions. The conference features dedicated networking opportunities, breaks,

and events designed to help you build relationships, exchange ideas, and explore partnership opportunities. Take advantage of these moments to grow your professional network and establish meaningful connections that can lead to long-term collaborations.

Market Insights: Participating in this conference provides valuable insights into the latest trends, challenges, and opportunities shaping the aluminium extrusion industry.

Lead Generation: Highlight your unique offerings, innovations, and competitive advantages to attract and capture new business leads, fuelling your sales pipeline.

Don't miss the chance to engage with industry professionals, grow your customer base, and boost your brand's visibility at the conference.

Secure your sponsorship or exhibition space today and unlock numerous opportunities to expand your business, build meaningful partnerships, and stay ahead in the aluminium extrusion industry.
